Below this are two input fields: 'Email' with the placeholder text 'JaneDoe@YourEmail.com' and 'Password' with a masked password represented by dots. There is a 'Remember me?' checkbox below the password field. At the bottom, there is an orange 'Login' button and a 'Forgot your password?' link.

For your convenience, you can click on the **Remember me** checkbox. **Only use this option on your own personal device and not on public devices.**

Scroll down to the bottom of the first column to see a **list of acknowledgements** required to teach this course.

☒ I acknowledge and agree to the following:

- I acknowledge that I am certified to teach the course type (curriculum) and delivery model indicated by my selections.
- I understand that the course type (curriculum) cannot be changed after this course is created. Course type is used to add the course to the LMS.
- I understand that my course will be automatically added to the LMS no sooner than 1 hour after it is saved in the Instructor Portal. Depending on system load this may take up to 48 hours.
- I understand that returning training units to LMS inventory after seat redemption can take up to 7-10 business days. MHFA recommends I do not redeem seats in the LMS version of this course until my attendee list is finalized.
- I understand that Instructor 1 cannot be changed after this course is created. Instructor 1 is used to give appropriate LMS access to participants.
- I have an active MHFA-affiliated Zoom license. Courses created without an active Zoom license will not carry over to the LMS.

Once you click that you agree to this list, the **Save Course** button will be reactivated.
